

The teachers at B.J.S. Dental College are using ICT-enabled tools for effective teaching and learning.

The faculty in the college are well versed in applying appropriate information technology in their teaching- conducting online classes and online quizzes.

The tech savvy faculty members are provided with **ICT enabled Class rooms** for efficient teaching. Appropriate links to show live videos of demonstration and procedures are used by the faculty during teaching and presentations. **Computer-assisted-learning (CAL)** for interesting case-discussions and clinical work makes the teaching and learning process more comprehensive.

The institute boasts of a **dedicated state-of -the-art “Learning Centre”** that offers live demonstration of procedure to the participants- making for an inspiring learning environment. The Institute has a rich tradition of conducting CDEs including hands-on courses by the renowned speakers using various ICT enabled tools for widening the horizon of learning for students and faculty.

Seminar halls are equipped with multimedia facilities using ICT tools like projectors and sound system. Invited talks and webinars are conducted in seminar hall using ICT facilities.

All the departments conduct seminars, workshops and guest lectures on the new developments in the subjects for effective teaching and learning by the faculty members and students.

The use of intra-oral cameras, RVGs, digital cameras, loupes, endo surgery microscopes, intra-oral scanners takes the clinical teaching to another level.

We are a digital campus, with **100 per cent of indoor campus Wi-Fi coverage**. Students are given secure managed access to the internet and learning resources from all college blocks including the hostels.

The under graduate and post-graduate students and faculty members utilize **e-journals** available in the central library to keep them abreast in all recent research.

The Central Library is well supported by **SARAL Softech Library management system (LMS)** for its efficient working.

The institute subscribes to on-line databases **J-GATE** and **BFUHS HSLIBNET** in order to facilitate access to these e-resources by the teachers and students.

The faculty and students make use of a well-equipped **e-Library facility** for latest scientific information and research out-come for enhancing their knowledge base in research domain.

All PG students undergo short training in biostatistics and making power point presentation during their induction program soon after admission to the institution.
