The primary purpose of our Institution is to provide a learning environment in which faculty, staff and students can discover, examine critically, preserve and transmit the knowledge, wisdom and values that will help ensure the survival of this and future generations and improve the quality of life for all.

Baba Jaswant Singh Dental College & Research Institute, Ludhiana, seeks to help students to develop an understanding and appreciation for the complex cultural and physical worlds in which they live and to realise their highest potential of intellectual, physical and human development.

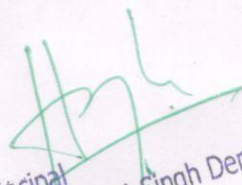

It also seeks to attract and serve students from diverse social, economic and ethnic backgrounds and to be sensitive and responsive to those groups which have been underserved.

Vision

The vision of our institute is to be an excellent Oral Health Care provider across the globe and be an eminent academic institute.

To fulfil this vision, the college believes in:

- Empowering our students to fulfil their academic and professional passions in an environment that is diverse, welcoming, and inclusive for all students, faculty, and staff.
- Offer broad and balanced academic programs that are mutually reinforcing and emphasise high quality and creative instruction at the undergraduate, graduate, professional and postgraduate levels.
- Our college strives to be a racially and culturally diverse community of students, parents and staff, dedicated to creating a peaceful environment in which each person is treated with unconditional positive regard and acceptance.
- Support and advance the teaching, learning and research activities of the college through promotion of a safe and healthy campus environment.

Mission

To provide affordable and highest quality health care to the needy and under privileged strata of society.

To impart quality education so as to produce excellent oral health care professionals.

To realise our vision and mission in totality we aim to:

1. Enhance learning to support our students in achieving their highest potential by integrating technology into the curriculum.
2. Integrate conceptual technology learning techniques that will implement concrete knowledge of technology that will emphasise mastery of understanding.
3. Give students the opportunity to learn efficiently from educators that are diligently dedicated and knowledgeable of their profession.
4. Provide state of art student laboratories, clinical space, and classrooms, making B.J.S dental college the best place to work, learn, and seek patient care.
5. Making available modern, well-equipped and maintained facilities which have a strong influence on the recruitment and retention of students, patients, and faculty.

Incorporating these in our curriculum will ensure learning that is flourishing. Within such an environment, each student will be empowered and inspired to reach his or her full academic, emotional, physical and spiritual potential.
