STRATEGIC PLAN

TEACHING- LEARNING QUALITY

- To constantly update existing equipment and create new facilities in the institution with the latest equipment and software to be able to compete globally.
- Course delivery through problem-based & project-based learning.
- To actively indulge in faculty training in newer technological advancements on regular basis.

RESEARCH, INNOVATION AND CONSULTANCY

- To increase the number of publications in indexed national and international journals.
- To work in the direction of inventing new equipment and instruments for filing patents and copyrights.
- To invent and produce oral health care products at affordable prices.

SKILL DEVELOPMENT, EMPLOYABILITY AND PLACEMENTS

- To encourage graduating students to give the NEET exams and to pursue for master's and doctoral degrees in leading universities within and outside India.
- To provide in-house skill development opportunity for all students.
- To organize courses to lay down a road-map for students to excel in competitive examinations.

STUDENT SUPPORT

- An efficient online grievance redressal system to be integrated in support facilities for students,
- To further strengthen the Mentor-Mentee System for the students.
- Comprehensive and holistic development of personalities of student to transform them into respectful and responsible citizens.

Baba Jaswant Singh Dental College
Hospital & Research Institute, Ludhiana

SPORTS

- Further strengthening of sport facilities at institutional level.
- To provide incentives for participation in national/ international sport events.

DIGITIZATION

- To promote paperless working environment in the institute.
- To work towards establishing digital database of all institutional processes and support management.

INTERNATIONALISATION

- To strengthen the collaborations with foreign universities involving students and faculty exchange programs and collaborative research.

ISR ACTIVITIES

- Adoption of villages and undertaking various development activities in the area of dental health and overall community development.
- Support government campaigns and development programs in government and privately aided schools and colleges.

ACCREDITATION AND RECOGNITION

- To improve NIRF ranking with the target to reach among top 10 institutions in all categories
- To prepare for NAAC accreditation with the target of A++ grade.
- To work extensively in the field of research as SIRO.
- To launch an in-house international level journal to promote publications in health care sciences.
